

Last Name	First Name	Sign in Wed, Th, Fr	Position	Agency or organization	email	Postal address	Telephone	Notes	Dates Attending
Bayliss	Ladd		Coastal Advocate	N.C. Coastal Federation	laddb@nccoast.org	128 Grenville Street, Manteo, NC 27954	252-207-5894	The Coastal Federation works to address marine debris issues by focusing on large-scale community-based efforts and their ability to cultivate environmental stewardship.	June 18-20
Bennett	Charles "Buck"		Compliance & Enforcement Manager	GA DNR, Coastal Resources Division	buck.bennett@dnr.state.ga.us	1 Conservation Way, Brunswick, GA 31520	912-617-0446	Enforcement the abandon and derelict vessel program for the Coastal Resources Division, GA Department of Natural Resources.	June 18-20
Boring	Christine		Senior Biologist	Research Planning Inc	cboring@researchplanning.com			Chris Boring and her colleague Zach Nixon (not present), as part of RPI, have been working with NOAA on abandoned vessel and marine debris issues for 10+ years.	June 18
Briggs	Sean		Compliance and Enforcement Manager	SCDHEC OCRM	briggssm@dhec.sc.gov	1362 McMillan Ave.		I manage the section that administers our one of South Carolina's regulatory programs related to marine debris and abandoned vessels.	
Burger	Daniel J		Director, Coastal Services Division	SC Dept. of Health and Environmental Control, Ocean and Coastal Resource Management	burgerdj@dhec.sc.gov	1362 McMillan Ave.	843-953-0251	I have managed the SC DHEC marine debris program over the past decade. I have been involved in abandoned vessel removal, community-based removal and education/prevention.	18 and 20
Carswell	Ben		Director of Conservation	Jekyll Island Authority	bcarswell@jekyllisland.com	100 James Road, Jekyll Island, GA 31527	912-242-6222		June 18-20
Conway	Jessica		Biological Technician	NOS/NOAA contractor	jessica.conway@noaa.gov	219 Fort Johnson Rd	843-762-8634	Perform necropsies on stranded marine mammals and look for evidence of human interaction, including marine debris entanglement and ingestion. Also, ongoing research of inconsistencies in recording and maintaining marine debris entanglement data across various taxa/agencies. Presented preliminary work at Southeastern Regional Stranding Conference, May 2014.	June 18-20
Davis	Julie		Living Marine Resources Extension Specialist	SC Sea Grant Consortium	julie.davis@scseagrant.org	PO Box 189, Beaufort SC 29901	8432556060ext112	SC Sea Grant will be coordinating a County-wide derelict vessel and marine debris clean up over the next two years. This project will provide the opportunity for Charleston County citizens to dispose of unwanted marine-related debris during annual 'Clean Marine' weekend events.	June 18, 19
Durrett	Pat		NC Clean Marina Program Coordinator	Division of Coastal Management	pat.durrett@ncdenr.gov	400 Commerce Ave., Morehead City, NC 28557	252-808-2808 Ext. 228	Our Clean Marina program encourages marinas to provide trash, and recycling bins as well as proper handling of used parts. We also provide the monofilament recycling bins for the fishing line. We have also started a NC Clean Boater program that recognizes boaters for their participation in protecting our resources through good management practices while on the water.	June 18-20
Early	Laura		Naturalist	Little St. Simons Island	laura@littlessi.com	PO Box 21078	cell: (864)285-1636	I have initiated a marine debris awareness and clean-up program for the guests of Little St. Simons Island, a privately owned island on the coast of Georgia with lodging. We present an overview of the issue, encourage guests to pick up debris on their own, as well as organized cleanups, and document our data through Rivers Alive and Ocean Conservancy.	June 18-20
Fulton	Michael		ELU Branch Chief	NOAA, NOS, NCCOS, CCEHBR	mike.fulton@noaa.gov	219 Ft. Johnson Rd. Charleston, SC 29412	843 762 8576	I served as the NCCOS POC with NOS' Marine Debris Program on the development of a series of White Papers on marine debris issues.	June 18
Gambill	Jill		Communications Director	Georgia Sea Grant and UGA Marine Extension	igambill@uga.edu	114 Marine Sciences Building, Athens, GA 30602	305-542-8975		June 18-20
Hall	Ashley Carlson		Consultant	American Chemistry Council	ashley@ashleycarlsonconsulting.com	115 Chase Rd	6035051601	I am a consultant for the American Chemistry Council and work on marine debris, litter and recycling issues. Serving as the Secretariat for the Global Declaration for Marine Litter Solutions, I work with 60 plastic trade associations from 34 countries to implement projects to prevent plastics from entering our waters.	June 18-20
Henry	Leah		Education and Outreach Specialist	NOAA MDP	Leah.Henry@noaa.gov	411 I Street NE Apt 2 Washington, DC 20002	2025575766	Translating marine debris science into education material, short narratives, outreach materials and presentations. Promoting partnerships in the marine debris community and learning through meetings, workshops, and trial and error.	June 18-20
Jambeck	Jenna								
Kingsley-Smith	Peter		Associate Marine Scientist	SCDNR	kingsleysmithp@dnr.sc.gov	217 Fort Johnson Road	8439539840	Since 2009, with funding from NOAA and USFWS through the Southeast Aquatic Resources Partnership (SARP), from the State Wildlife Grants (SWG) Program, and from a recent grant from the NERRS Science Collaborative, my section staff have been working on marine debris in the form of abandoned crab traps. My staff is using this form of debris as substrate to build intertidal oyster reefs, thereby supporting ecosystem services, such as the provision of habitat for a diversity of reef-associated organisms.	June 18-20
Kylstra	Pam		Facilitator	NOAA	Pam.Kylstra@noaa.gov				
Laporte	Christine		SEA MDI Program Coordinator	UGA	claporte@uga.edu	78 Forest Hill Drive, Asheville NC 28803	828-989-2950		
Lasicki	Liz		Facilitator	NOAA	liz.lasicki@noaa.gov				
Latshaw	Sarah		Coastal Projects Manager	SCDHEC-OCRM	sarah.latshaw@dhec.sc.gov	1362 McMillan Ave., Suite 400	843-953-9237	I am a Coastal Projects Manager with SCDHEC-OCRM, and I coordinate marine debris reduction through the Adopt-a-Beach and Clean Marina programs. I also provide support for abandoned vessel reporting and removal, as well as seek out funding sources.	June 18-19
Lee	Richard		Professor Emeritus	Skidaway Institute of Oceanography - University of Georgia	dick.lee@skio.uga.edu	10 Ocean Science Circle	912-5982494	Prepared report summarizing plastic debris on Georgia coast. Worked with Dodie Sanders on project determining plastic accumulation rates on barrier beach and estuarine marsh in coastal Georgia.	June 18 and 19th
Lovelace	Susan		Assistant Director	SC Sea Grant Consortium	susan.lovelace@scseagrant.org	287 Meeting st		Agency rep, diversity of involvement over the years	June 18-20
Mallos	Nicholas		Marine Debris Specialist	Ocean Conservancy	nmallos@oceanconservancy.org		2026152278	I oversee a diverse range of projects in Ocean Conservancy's Trash Free Seas Program	June 18-19
Martin	Jeannie Miller		AmeriCorps/Volunteer Coordinator	Georgia Sea Turtle Center	jeanniem@jekyllisland.com	214 Stable Road, Jekyll Island, GA 31527	912-635-4173	I developed and manage the Georgia Sea Turtle Center Marine Debris Initiative.	June 18-20
May	Lisa		NOAA Coral Health and Disease Program	CCEHBR at Hollings Marine Laboratory	lisa.may@noaa.gov	331 Ft. Johnson Rd, Charleston, SC 29412	843-725-4870	CCEHBR	June 18-20

Last Name	First Name	Sign in Wed, Th, Fr	Position	Agency or organization	email	Postal address	Telephone	Notes	Dates Attending
McFee	Wayne		Research Wildlife Biologist	NOAA/NCCOS/NO S	wayne.mcfree@noaa.gov	219 Ft. Johnson Rd., Charleston, SC 29412	843-762-8592	Regularly document incidents of marine debris entanglement and ingestion in marine mammals. Wrote a marine debris topic paper on entanglement of marine species in marine debris for the MDP	June 18-20
Monday	Jeremy		Waste Reduction Coordinator	Coastal Carolina University	jmonday1@coastal.edu	PO Box 261954 Conway, SC 29528- 6054	843-222-3941	Attending in the place of Jennifer Sellers who is the Sustainability Coordinator at CCU. We work closely with the Horry County Solid Waste Authority on waste/debris issues within the University as well as the community.	June 18-20
Noble	Josh		Compliance & Enforcement Coordinator	GA DNR, Coastal Resources Division	josh.noble@ga.dnr.state.u s	1 Conservation Way, Brunswick, GA 31520	912-266-0712	Enforce the abandoned and derelict vessel program in Coastal Georgia.	June 18-20
Olmi	Geno		Regional Coordinator	NOAA	geno.olmi@noaa.gov	2234 South Hobson Ave., Charleston, SC 29405-2413	843-740-1230	No direct experience other than as a volunteer during Beach Sweep. General awareness for region.	June 18-20
Putnam	Gloria		Coastal Resources and Extension Specialist	North Carolina Sea Grant	gloria_putnam@ncsu.edu	Varsity Research Building	919-513-0117	I have coordinated with a co-worker to begin examining derelict commercial gear management in NC and are in the process of finalizing a report on the topic, focused primarily on crab pots. I've served as the NC Sea Grant representative for the SEAMD. I.	June 18-20
Rider	Lisa		Assistant Director	Onslow County Solid Waste	Lisa_rider@onslowcounty nc.gov	PO box 1314, Sneads ferry, nc 28460	9103303140	NC Big Sweep volunteer for over 20 yrs., Local Keep America Beautiful affiliate coordinator for over 10 yrs, creator and coordinator of the NC Marine Debris Symposium, certified manager of landfill operations for 10 yrs, certified manager of recycling systems, EPA watershed management certified, etc.	June 18-20
Rolfe	Jason		Southeast Regional Coordinator	NOAA MDP	jason.rolfe@noaa.gov		301-713-4248		June 18-20
Sanders	Dodie		Marine Educator	UGA Marine Extension	sandersd@uga.edu	30 Ocean Science Circle	9125982340	Dodie Sanders has been providing marine debris educational outreach programs for several years. She currently is working on a NOAA Marine Debris Program funded project, Project SORT: Using Marine Debris Shoreline Surveys to Encourage Environmental Stewardship to educate students, teachers and the general public on current marine debris issues.	June 18-20
Scales	Jennifer		Program Manager- Keep Charleston Beautiful	City of Charleston	scalesj@charleston- sc.gov	823 Meeting St Charleston SC 29403	843-579-7501	Keep Charleston Beautiful is the City of Charleston's litter prevention and community volunteer department. We work to raise awareness for litter prevention and to host volunteer cleanups throughout the community in parks, marshes, and other public areas.	June 18-20
Shortland	Becky		Resource Protection Coordinator	NOAA Gray's Reef National Marine Sanctuary	becky.shortland@noaa.go v	10 Ocean Science Circle, Savannah, GA 31411	912-598-2381	Gray's Reef NMS has been addressing marine debris in the sanctuary for many years. We have ongoing surveys and data collection.	June 18-20
Smith	Katy		Public Service Representative	UGA Marine Extension Service	klaustin@uga.edu	715 Bay Street, Brunswick, GA 31520	912-262-3338	UGA MAREX/Sea Grant developed a marine debris outreach program during 2012 with SEA-MDI/NOAA funding through which we have educated K-12, college students and the general public about global plastic debris issues and highlighted local consumer-based solutions. A current focal area concerns the reduction of pervasive cigarette litter through education and service-learning projects geared toward stewardship.	June 18-20
Stanton	John			USFWS	John_Stanton@fws.gov				
Stone	Benjamin		Wildlife Biologist II	SCDNR	StoneB@dnr.sc.gov	P.O. Box 12559 Charleston, SC 29422	843-953-9023	I work on removing and collecting abandoned and donated crab pots/traps along the coast of South Carolina. We repurpose these traps as oyster reef substrate.	June 18-20
Toline	C. Anna		Regional Marine Scientis	National Park Service	catherine_toline@nps.gov		843-518-1939	I have worked on issues associated with marine debris outreach and education, monitoring, monofilament recycling, ghost crab pots, terrapin regulations and microplastics.	June 18-20
Uhrin	Amy V.		Research Ecologist	NOAA	amy.uhrin@noaa.gov	101 Pivers Island Road, Beaufort NC 28516		I have conducted primary research on the distribution and abundance of spiny lobster trap debris and its impacts on benthic habitats in the Florida Keys. I have also studied the impact of various debris types on salt marsh vegetation in North Carolina.	June 18-20
Wunderley	Andrew		Program Director and Staff Attorney	Charleston Waterkeeper	andrew@charlestonwater keeper.org	1630 Meeting Street Rd, Charleston, SC 20405	(843)906-7073		6/18 (half day pm) and 6/19
